University of Massachusetts  
Amherst, Massachusetts

Dear Mr. D'Arcy:

May I extend my personal felicitations at this time to the administration, faculty, staff, and students of the University of Massachusetts.

Our State University is faced with a great challenge in the years immediately ahead. It will be necessary to continue to provide the best educational facilities and opportunities to an increasing number of qualified young people. The University's record of recent years gives reason for optimism that the challenge will be met successfully.

In 1958, I am confident that substantial progress will be made toward the educational goals which we are all seeking to reach.

My sincere best wishes to the entire staff and student body of the University.

Sincerely yours,

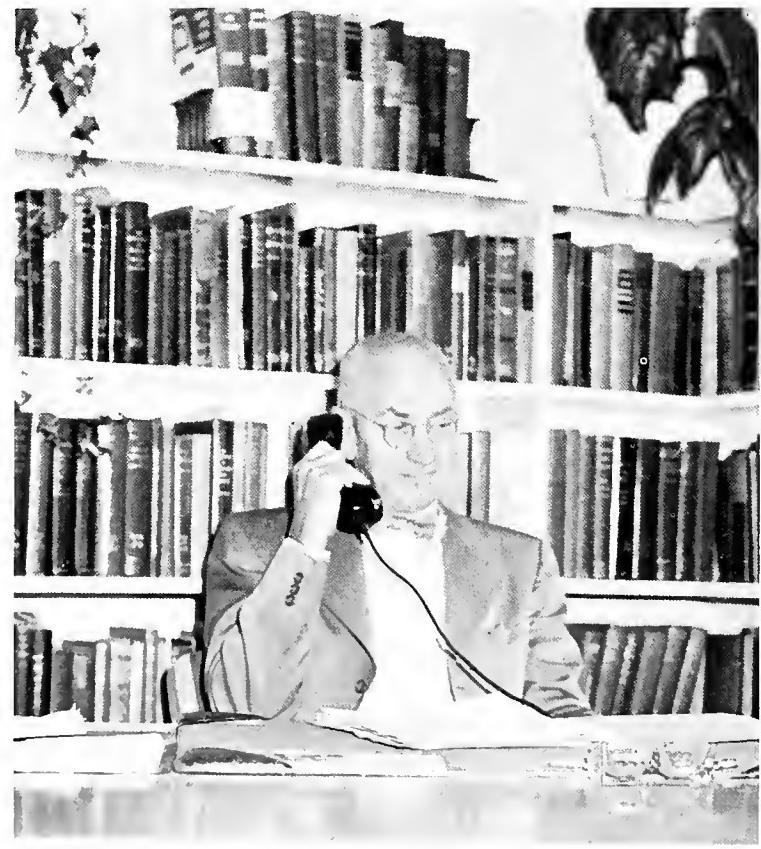

A handwritten signature in cursive script that reads "Foster Furcolo". Below the signature, the name "FOSTER FURCOLO" is printed in a smaller, capitalized font.

What you are about to read is a story in the making—a report dealing with the progress being made at *your* University by *your* educators. This is a true Faculty Year in Review; here is a picture of what the University staffs are doing on their own time for the furthering of your education and, in the long run, for the benefit of humanity.

The following is taken from a letter to the *Index* from Dr. Gilbert Woodside, Head of the Department of Zoology and Dean of the Graduate School.

The Department of Zoology is convinced that creative work and research should be an important part of the duties of every member of the University Faculty. We believe this for two main reasons; first, the research should add to the sum of human knowledge, and second, it should serve to make us better teachers.

There is the reason why faculty spend months compiling statistics for their applications for research grants; there is the reason that hundreds of staff members spend months of their own free time in research; there is the reason for the continual flow of creative work being done at this University—to add to the general sum of knowledge, increasing their own knowledge and that of their students, and by publishing their works for the public and for educational institutions.

We cannot include every department and its work in that our deadline date could not possibly be met by everyone, but we hope to present, nevertheless, a clear picture *representation* of the work being done. The advancements made in the fields of sciences, mathematics, and engineering are an integral part of our daily lives. Much of the progress in science is being made by men and women such as Dr. Gilbert Woodside, Prof. T. T. Kozlowski, and Prof. Richard Stein, all representatives of the Zoology, Botany and Chemistry departments respectively. Dr. Woodside has just returned from his sabbatical at the National Cancer Institute at Washington, D.C., where he studied the structure of a mouse lung with the use of the electron microscope which magnifies an object 20,000 times its size. The Zoology Department has received a Federal Research Project loan to enable the purchase of this instrument. This department, as the others, encourages its members to apply for research grants which enable them to hire assistants; this relieves an extra burden and allows the faculty member to continue his regular job of instruction. All thirteen members of the Zoology staff are engaged in research work, supported by the University Research Council, the National Cancer Institute, The Atomic Energy Commission, the U. S. Public Health Service and Sigma Xi. Some of the work includes a study in avian anatomy; the effects of various temperatures on the hatching and development of various species of fish; the growth of the remaining kidney following the removal of one kidney; an analysis of the effect of glucagon, a blood substance which partially counteracts the effect of insulin; the isolation of the substance given off by *Pediastrum*, the green algae, and the description and classification of various mammals. In the Botany field,

Professor and Head of the Department, Theodore T. Kozlowski is conducting research on the physiology of wood plants. The General Electric Company is sponsoring Prof. Robert B. Livingston in work dealing with the competitive abilities of organisms. Along with the above there are four other major projects being carried out by faculty members. In the world of chemistry, Prof. Richard Stein is making a molecular study of plastics in an effort to learn the relationships between the molecules and the properties of these plastic materials. The Naval Resrch, Plax Corporations and the American Chemical Society have all contributed to this project. Prof. Henry N. Little is studying the way chlorophyll is synthesized in plants and also the way nitrogen compounds are metabolized in plants.

The National Science Foundation has given Dr. Robert W. Wagner, the author of a freshman math text, *Introduction to Mathematics*, a grant to aid the mathematics department. High school teachers received the bulk of the money in the form of fellowships. One of the biggest strides was the setting up of a summer institute for high school mathematics teachers from July 1 to August 16 in cooperation with Smith College. The objectives were to enrich the background of the teachers by means of a study of the basis of high school mathematics courses and by a series of lectures on various aspects of modern mathematics, and to cement these studies to the participants' work by means of a "follow-up workshop." The work of Prof. Dickinson in the Mathematics Department is an example of the objectives that the faculty are willing to encounter in order to fulfill their work. The professor and his wife spent six months in England ringing bells! As part of an investigation in the Algebraic theories of campanology, Prof. Dickinson had to crawl in and out of belfries over Cambridgeshire and test the ringing of various bells.

The School of Engineering realizes its importance in this technical world. Eleven of the faculty members are engaged in various projects. Dr. Merit P. White, Head of the Civil Engineering Department is working on an Air Force research project; Dr. Kenneth D. Cashin, Assoc. Prof. of Chemical Engineering is performing research through a National Science Foundation Grant; Prof. C. A. Keyser of the Mechanical Engineering Department is revising his book, *Basic Engineering Metallurgy* and is viewing the success of *Materials of Engineering*, completed last year.

Practical, scientific aid to humanity is only one facet of effective research work; another important aim is the enlightenment of the individual, (1) for purposes in all-around education, (2) for the promotion of better understanding among individuals and (3) for the practical application of new theories to life itself. The work accomplished in the fields of social science, humanities, and the arts affects these three purposes.

The enlightening practicality of Sociology and Psychology tend to put them on a middle line between what is commonly thought of as arts and sciences. In the field of psychology, Dr. Robert S. Feldman is at-

tempting to discover the neural processes which account for the formation and maintenance of behavior rigidity. This work is supported by a grant from the United States Public Health Service. Dr. Jerome Myers has completed six books and articles, and Dr. Albert E. Goss has completed a monograph on "Meditating Verbal Responses." Instructors Marc Swartz and Frank Lindenfield of the Sociology Department are writing articles; Swartz's, dealing with anthropology, sex and aggression, and friendship respectively, will appear in *Philosophy of Science*, *The American Anthropologist*, and *Studies in Friendship*. "Political Interest and Activity" is the title of Lindenfield's Master's thesis.

History is more than a story dealing with past events; it is a system of facts and ideologies which set the patterns for the future. Eight members of the History Department are making studies on their own in this attempt to make past events logical and present events clearer. This work includes an article on "Massachusetts" for the *Encyclopedia Americana*; a paper on "The Voter in Early American Politics;" "Re-tif de la Bretonne," an article in the *Age of Reason Portable*; research on the *History of the Italian League, 1454-1494*; an article called "Bismarck's Political Strategy;" studies on selected aspects of contemporary Argentine society (commissioned by the Department of State); and research for an article on the German Center party in the Weimer Republic. Also, Dr. Frank Prentice Rand of the English Department is working on a book dealing with the history of Amherst.

Knowledge of foreign languages is more than "nice to have at one's disposal." A knowledge of the language of others helps us to understand their culture as well. A mutual understanding of cultures is an important factor in the perennial search for peace. The entire Department of Romance Languages is engaged in the three-year "Carnegie Project," which includes many kinds of research and creative work, the preparation of language laboratory materials, new courses and new books. This is a cooperative program with the German Department. Eight faculty members are engaged in creative work within and outside the set-up of the project.

For music to "soothe the proverbial soul," Prof. Doric Alviani, head of the Music Department, is continually arranging chorale and original compositions for voices. In addition, Prof. Alviani is completing a biography of Arthur Foote, American composer, containing a thematic catalogue of certain of his works with analytical notes.

The Department of Business Administration realizes the importance of solving the day by day problems which arise in the world of business. Dr. Frank A. Singer's article, "What Accountants Mean by 'Income,'" is an example of the attempt being made to clarify the workings of modern-day business. Along with many articles being written by faculty members, the following projects are under way: Dr. Lawrence C. Hackamack is doing research in Dairy Plant Management; Dr. James B. Ludtke is compiling data dealing with Life Insurance Management; and Prof. Wal-

ter G. O'Donnell is writing a thesis entitled "Value Structure of Corporate Decisions."

Home Economics, Nursing and Physical Education (the care of one's health and home) provide important practical knowledge necessary for the maintenance of one's living conditions. Dr. Helen S. Mitchell, Dean of the School of Home Economics, is at present working on a revision of the textbook, *Nutrition in Health and Disease*, which she helped to write. It is used in schools of nursing and in programs overseas for which an overseas supplement is sent out. Dean Mitchell is also lecturing at the Nutrition Institute. In the Nutrition Department, Dr. Anne Wertz is conducting experiments in food nutrition. The Extension Service of the School of Home Economics provides State Specialists and Home Agents to teach throughout the state (mass media and practical aid is also used). The stereotyped idea of Physical Education as an outlet for the muscle-bound is losing its hold to the more intelligent fact that Physical Education is necessary in clean development of one's body and one's confidence. Dr. Ben Ricci of the Physical Education Department has been experimenting with a freshman testing program in an attempt to place a boy in a physical activity which will do him the most good, while giving him some kind of enjoyment. The testing program takes into consideration the individual's previous experience in physical activity. He is also working to set up a low-calorie diet program for over-weights.

The College of Agriculture, headed by Dean Sieling, is comprised of 11 departments. A magnanimous amount of research work is being developed in all departments. The Department of Forestry and Wildlife Management has been working to find methods of alleviating the losses of crops, caused by attacks of birds and animals; members of the Entomology Department are studying the effects of fungicides and fertilizers; Pomology Department members are doing research into such subjects as the market quality of McIntosh Apples; Prof. C. V. Kightlinger of Agronomy is making a study in tobacco breeding—the lists go on and on. Men and women devoting work to making the everyday things in life—tobacco, apples, etc.—more beneficial to you.

An extremely important branch of the University and a great source of research work is the Cooperative Extension Service, a branch of the College of Agriculture, consisting of trained specialists and the 12 county extension services throughout the Commonwealth. Extension agents keep in constant touch with the scientific research being done by the Massachusetts Agricultural Experiment Station and by the U. S. Department of Agriculture. It conducts educational projects in three principal areas: Agriculture, Home Economics and Youth Division (4-H).

From Bismarck to McIntosh apples, the subjects of research are almost endless, but they are being taken by the faculty and are being projected into written and tangible form for the benefit of humanity. If we are at any time, unable to comprehend all that is being done, at least let us appreciate those who are doing it.

## VARSITY FOOTBALL

The chances for the University of Massachusetts having a winning football season depended upon three factors: rebuilding a potent offense with only one starter and ten lettermen returning, developing inexperienced sophomores to fill key roles, and getting through a tough eight game schedule with no injuries. The offense was able to move the ball in every game, the sophomores all developed quickly, but injuries riddled the squad so badly that the Redmen never played

a game at full strength.

Only 31 men reported for pre-season drills on August 28th, two weeks before school opened. Just before the first game, the coaching staff decided upon a starting lineup. It included John O'Keefe and Bob Ferriani at ends, Dick Riley and Phil Berardi at tackles, Lou Varrichione and Bill Goodwin at guards, John Tero at center, and Ronnie Blume, Gerry Walls, Bob DeValle, and Buzz Richardson in the backfield.

Coach Charlie O'Rourke depended on the seniors to provide the leadership and experience for his green squad. He was not disappointed. John O'Keefe played a stellar 60 minutes at end almost every Saturday. Center Tero was a tremendous linebacker and only a little behind O'Keefe in total minutes played. Speedy Bob DeValle was hampered most of the year by injuries. Defensive standout Win MacDonald and utility back Doc Enos helped in limited action, but it was Ronnie Blume who did the most for the team. Elected captain by the squad, Ronnie found himself as a quarterback in his final year.

He topped the squad in total offense, passing, punting, and pass defense.

The season's opener was an upset with lightly regarded American International dumping the Redmen. Intercepting five passes and forcing a bad pass from center on a punt, the Aces piled up a 19-0 lead. Riley and Ferriani were lost with injuries in the opening minutes and the Redmen did not get rolling until the second half. Gerry Walls returned a punt 57 yards for a score in the third period. Defending desperately, the Aces hung on to their twelve point margin for their first win ever over UMass.

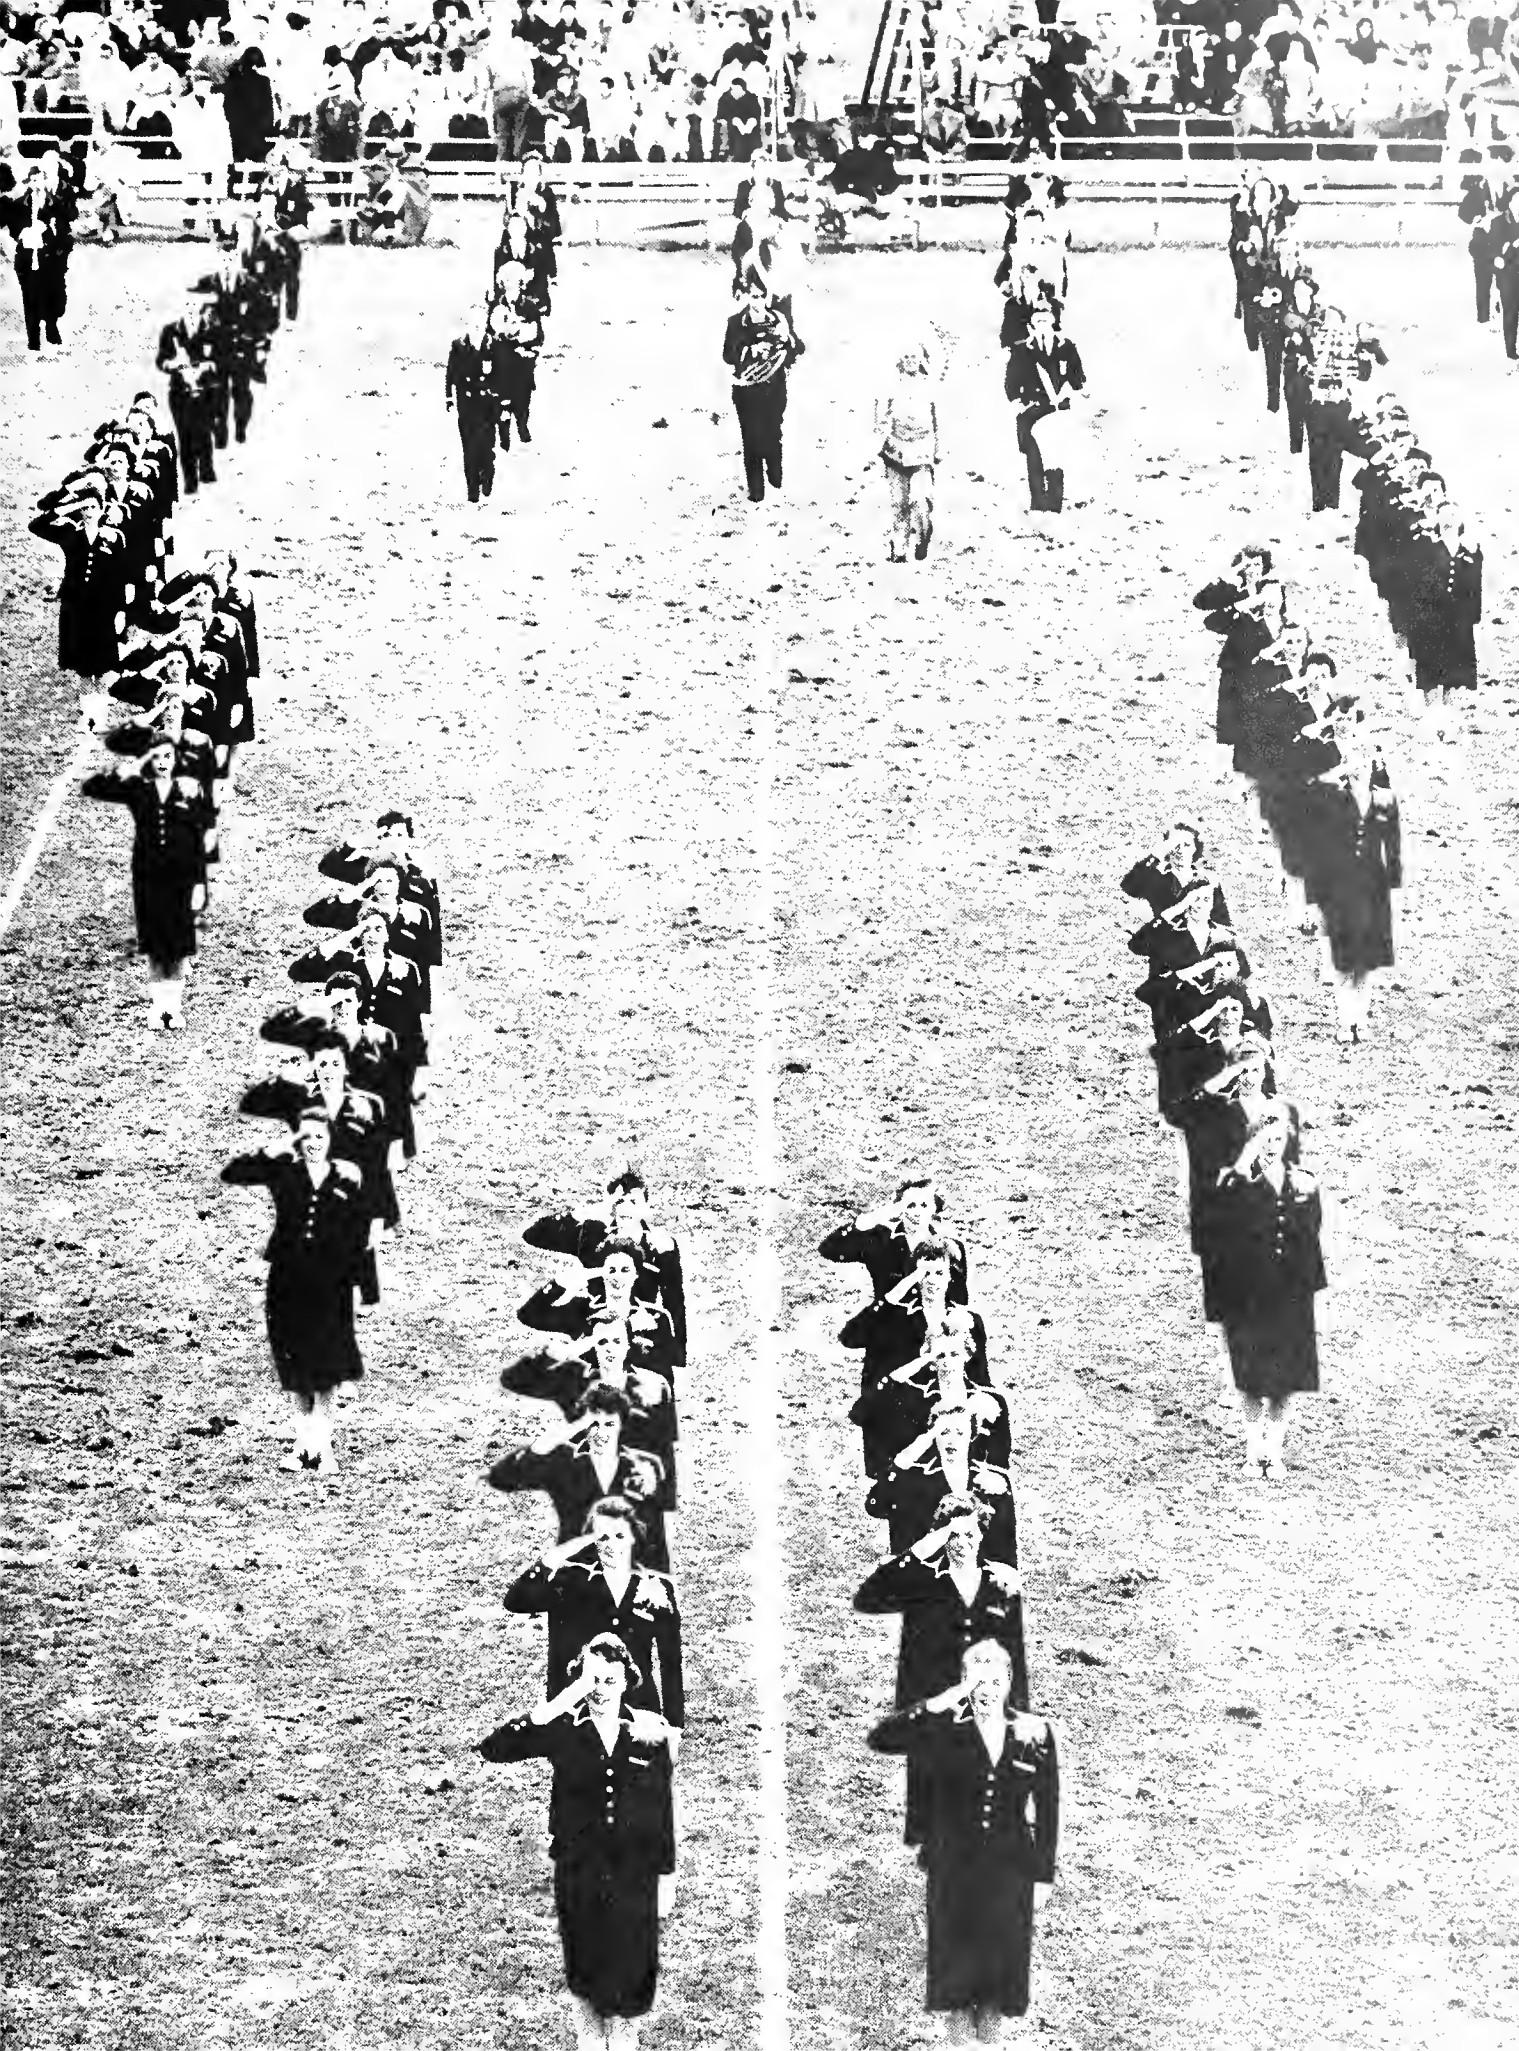

In the first twi-light game in gridiron history, Boston University crushed UMass 66-6. With the best Terrier squad in recent years, BU went ahead by 19 points at halftime and then exploded for 35 in the third period. Never quitting, the Redmen moved 80 yards in the closing moments with Roger Kindred smashing over from the 3.

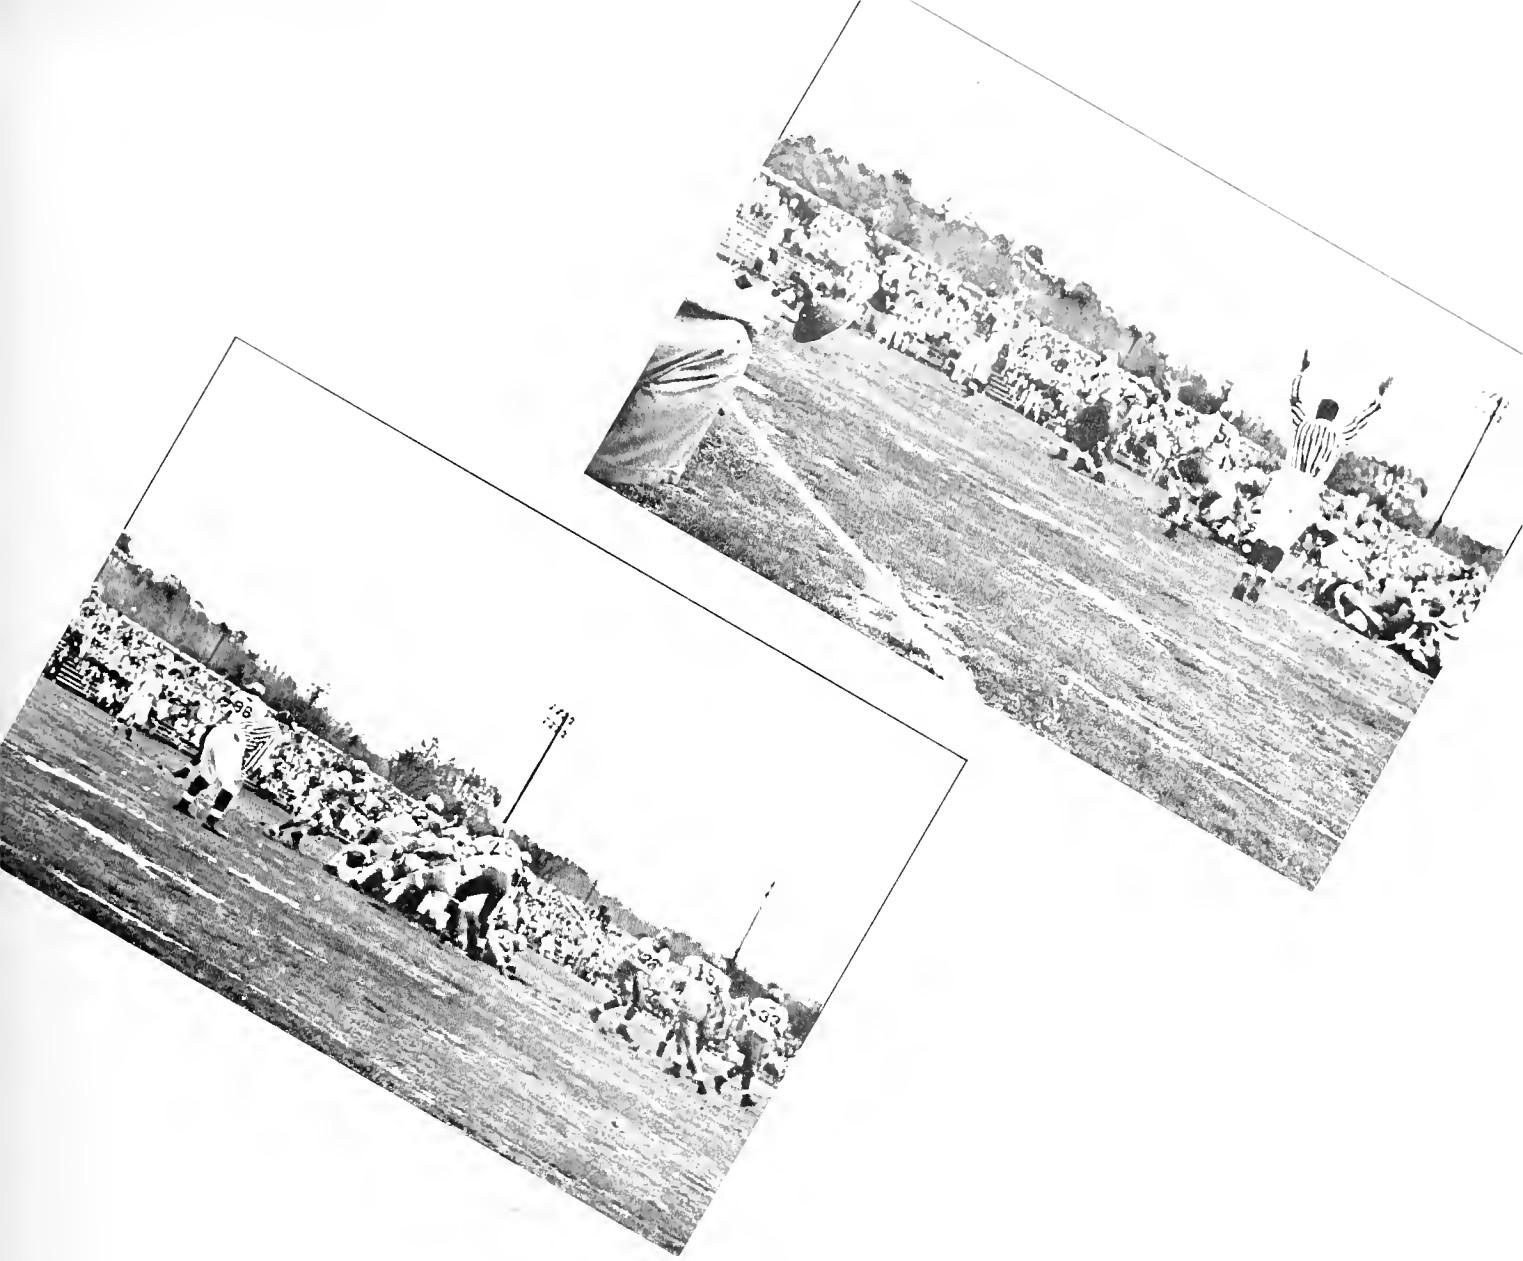

An open date gave the team a chance to bind up their wounds before tackling Yankee Conference champ Connecticut. Seatback Arm-and Sabourin was out with a bad knee and several regulars played despite injuries. The powerhouse Huskies had trouble with the stubborn Redmen defense, sparked by guard Hank Wilson. Connecticut got one score on a large march and another was set up by an interception. Ronnie

Blume began to hit his receivers in the second half. He set up the short scoring plunge by Richardson. But the Huskies got another and won it 19-6.

Undefeated Rhode Island was the Homecoming Day opposition for the Redmen. Lovely Claire Manning reigned over the proceedings and the skies rained over the field. After the first period, the Rams were fighting for their lives. Blume's passing and the running of Walls and Richardson stunned the visitors. Buzz went over to cap a 50 yard drive and put UM in front 6-0. Another drive was ruined by a fumble and then a long RI pass and an accurate kick and the Rams led 7-6. Superior depth wore the Redmen down and although Richardson scored again, the team dropped its fourth straight 27-13.

Flu canceled the Northeastern game and then the Redmen tangled with Vermont at Alumni Field. It was raining again and the sloppy going was perfect for Buzz Richardson. He piled up 109 yards rushing and scored twice. But the pesky Catamounts never quit and drove 80 yards for their second score in the last period. They missed the point and Gerry Walls had made good on both his tries. It was a razor thin margin but it was enough to provide the first victory of the season for UMass 14-13.

The Redmen had the misfortune to meet the best Brandeis team in history on one of the Judges' best days. Blume's passes kept the Redmen on almost even terms for the first half. He tossed a 27 yarder to Jim Shay to knot the score at 7-7 and completed 12 for 16 tosses that afternoon. But the Judges had too much power, speed, and depth. They wore down the thin

Redmen line and trampled on them for a 47-7 victory.

Luckless New Hampshire and UMass met in Durham for the final game of the year. Both squads were crippled by injuries and plagued by lack of depth all fall. New Hampshire tried to hold a 7 point margin over the Redmen but UMass came from behind in the final period to tie it up. Richardson blasted over from the one and Walls calmly bisected the uprights. Blume saved the contest in the closing minutes with an end zone interception and nearly won it as he ran and passed the team to the NH 15 as the game ended.

Prospects for next year are very good. A superb frosh squad should more than compensate for the small losses through graduation. Most of the line will be returning and so will top backs Richardson, Walls, Sabourin, Bill Reynolds, and Bill Maxwell.

## QUARTERLY

The *Quarterly*, our tri-annual literary magazine, provides a medium through which University students, undergraduate and graduate, can seek publication of their work.

For years, dominated by a short-story and poetry writing group, this year's editions have attempted the inclusion of occasional literary criticism. The wisdom of this inclusion is questionable, however, for the student body has exhibited a modicum of propaedeutics, which prevents its critical cogitation over ideas presented.

With the inveterate coteries responsible for the intellectual torpor prevalent now intractably entrenched on the staff, little amelioration of the *Quarterly* above its contemporary lethargic state is foreseen.

## COLLEGIAN

Communication makes community, and of the communication media forming the nerve system of this community, the University's free and responsible press is the spinal cord. As such, the Collegian reports news of interest to the University, promotes worthy causes and activities, provides the public with information about its University, offers a vehicle for the expression of student and faculty opinions, presents and clarifies the goals and values of the University, and offers students an opportunity to acquire experience and skill in the field of journalism.

The Collegian is always seeking to increase and improve its services to its readers. Dreams and plans for a "daily" are still very much alive, and professional guidance was offered to staff members during the second semester.

## HANDBOOK

The HANDBOOK is the official directory of student and administrative information. A ready reference for student rules and regulations, campus activities, academic calendar, and university organizations, the HANDBOOK in its present form reflects the efforts of a long history of changes and improvements in design.

This year's HANDBOOK has been revised with efficiency of purpose in view. More compact in design, and yet broader in scope, this publication alone serves as the "campus bible" of everyone at the university. In addition to serving as an orientation manual for the freshmen, who receive their copies before entering in the fall, it is aimed to provide for all students answers to most questions concerning campus names, places, and procedures and serves the purpose well.

*First Row: left to right.* Dede MacLeod, Cleo Zoukis, Carol Crimmins, Michael Donovan, President; Lucy Clark, Secretary; Stan Merrill, Treasurer; Sara Rogovin, Janet Gorman, Phyllis Baron. *Second Row: left to right.* John Fonseca, John Cryan, Mary Ansaldo, Barbara Groll, Penny Renton, Kathy Ellam, Louise Smith, Janet Bean, Leigh Henderson, Karen Stevenson, Tammy Ide, Bryna Lansky, Judith Madden, Dave Stone, Larry Davidoff. *Third Row: left to right.* George Raymond, Richard Buckley, James Hirtle, Robert Zelis, John Daley, Richard Sheehan, Art Shaw, Harry Lane, Don Saluta, Fran Gniliano.

## STUDENT SENATE

The Student Senate ranks as one of the leading student campus organizations. It is dedicated to promoting the general welfare of the student body.

The Senators are a representative group of students selected by their peers in free democratic elections. Membership is open to any undergraduate in good standing. Senators have also served on many University Committees, a fact which enables student-voice to be given problems of all university concern.

The Senate operates on a committee system which channels particular problems to smaller specialized groups. It has also been active in supporting worthwhile student activities and promoting projects for the betterment of the University community, such as sponsoring the Debating Society, International Weekend, and the University Open House.

The Senate succeeded in obtaining a suitable Student identification system this year. It has also succeeded in better integrating the Student Union into campus life.

This year the members of the Senate took a trip to Boston and visited the Legislature. The place of student government at the University remains secure and ever ready to expand its horizons to go on with the Massachusetts of the future.

## MORTAR BOARD

The senior women's honorary society, Mortar Board, exists to foster traditions of the school, to promote scholarship, service to the University, evaluations and criticisms of campus institutions.

The members are chosen from the junior class each spring. They are tapped in recognition of high scholarship, faithful service, and outstanding leadership. The services which they perform are many and varied among which are publishing Co-Ediquette and giving talks in the freshman dorms, both with the purpose of helping the freshmen in their adjustment to campus life. During the fall season they work with Adelphia on rallies, dances, and Homecoming activities. They also help the freshmen in many ways to adjust to campus life.

This year a regional conference of Mortar Board was held at the University with Isogen chapter playing host to seven colleges and universities. Mortar Board also sponsored the highly successful Fine Arts Festival in April. Each year Mortar Board awards a scholarship at the Honors Convocation to a junior girl.

These are just examples of how this society strives to stimulate and develop a finer type of college woman.

*First Row: seated, left to right,* Peter St. Lawrence, Secretary; David Worthington, President; Daniel Bonasoni, Vice President; Charles Carlson, Treasurer. *Second Row: left to right,* Richard Keogh, John McAtee, Stuart Lindquist, Robert Larson, Raymond Grandchamp.

## ADELPHIA

Adelphia is the oldest honorary society on campus. Each year nine junior and ten senior men are tapped at the All-University Honors Convocation. These men have proven themselves capable of great responsibilities and are recognized for their scholarship and their service to the University.

Their services in organization, sponsorship, and participation cover a wide field. Their full schedule includes, among other programs, football rallies and dances, freshmen talks, Campus Varieties, and an International Weekend. The group also stimulates and promotes leadership among the underclassmen.

The society has done a fine job in fostering and upholding the highest type of fellowship, ideals, and interests of the University.

*First Row:* Shirley Bush, Fran Gravelise, Tammy Ide, Vickie Rochette, Nancy Boyd, Marcia Hubbard, Leigh Henderson, Penny Martin, Joan Kelly. *Second Row:* Ronny Metz, Betsy McCormick, Secretary; Penny Bullard, Vice President; Dee Ricker, President; Sars Hoffman, Treasurer; Sheila Smith.

## SCROLLS

The Scrolls, sophomore women's honorary society, is made up of fifteen girls. These girls were selected and tapped at the University Honors Convocation as freshmen showing qualities of leadership, scholarship, and fellowship.

This group is responsible for making the freshman feel at home. They work in conjunction with the Maroon Key to organize and guide the orientation program.

Their busy schedule also includes helping at registration, sponsoring dances, helping with Christmas Vespers and with the Campus Chest Drive, and ushering at various events.

These women influence the student body greatly in their effort to uphold and maintain the standards of co-operation, friendliness, and scholastic endeavor on this campus.

*Front Row: left to right,* Bob Minutillo, Treasurer; Joe Crocetta, Vice President; Dick Alman, President; John Lynch, Secretary. *Second Row: left to right,* Connie Ferrara, Don Kelley, Don Moriarty, Jim Rosenberg, Ed Bradley, Dick Feola, Butch Worsh, George Nassar, Howie Ledewitz. *Third Row: left to right,* John Murphy, Norm Grossman, Bob Amirault, Larry Regis, Tom Campbell, Bill Chouinard. *Absent:* Leo Leblanc, Ed Seymanske, Joe Lyons, Gerry O'Connell, Art Mahoney, Mike Dube, Armand Sabourin.

## THE MAROON KEY

The Maroon Key is an honorary society composed of twenty-five deserving members from the freshman class. It was organized at the University of Massachusetts in 1926.

It stands ready at all times to assist in programs designed to strengthen all phases of student life. Part of their work consists of acting as hosts for all visiting athletic teams. The Key also co-sponsors the orientation program of freshman week with the Scrolls. Each fall the incoming freshman class are greeted by the Maroon Key and are sold their beanies, bibs, and Freshman Directories by them. Proceeds of this sale are used for a scholarship which is awarded to a worthy freshman at Honors Convocation.

Also, at the Honors Convocation the new members of the Maroon Key are chosen in a tapping ceremony. They are chosen for the outstanding qualities that they show as leaders in the freshman class.

## ALPHA PHI OMEGA

Kappa Omicron Chapter of Alpha Phi Omega is an extremely active group that plays an important part in many activities on our campus.

The members of this group, recognized by their blue hats with the yellow letters, are dedicated to the performance of useful service to our campus and to the community.

Among their many activities are: Freshman Testing Program, Playday, University Open House, and Campus Chest.

They also run the Books-for-Asia drive and the U.M.O.C. contest, donations of which are used for a worthy cause.

The men in this fraternity contribute a valuable service to the University by their spirit of dedication and their dependability.

*First Row: left to right,* Vivian Green, Sandra Hecht, Co-Chairman; John LaBelle, Co-Chairman; Rita Capolupo, Cleo Zoukis. *Second Row:* Barbara Kelley, Don Gagnon, Richard Robinson, Don Hiller, Robert Dallmeyer, Duncan Hills, Diane Parker.

## REVELERS

The Revelers, a campus honor-service society, is a definite asset to the campus in that they serve to help the freshmen adapt to campus activities. Each member is chosen from many applicants for their talent, leadership abilities, and enthusiasm, and they are tapped by out-going Revelers in the spring.

The Revelers organize the Freshman skits and sing in the fall, and throughout the year they serve as an advisory committee to the Freshman Inter-Dormitory council, helping with their many and varied activities. Besides this, they sponsor a freshman activity nite which orientates freshmen into campus extra-curricular activities.

The Revelers do very well in their efforts to seek out freshman talent and to channel it in the right direction.

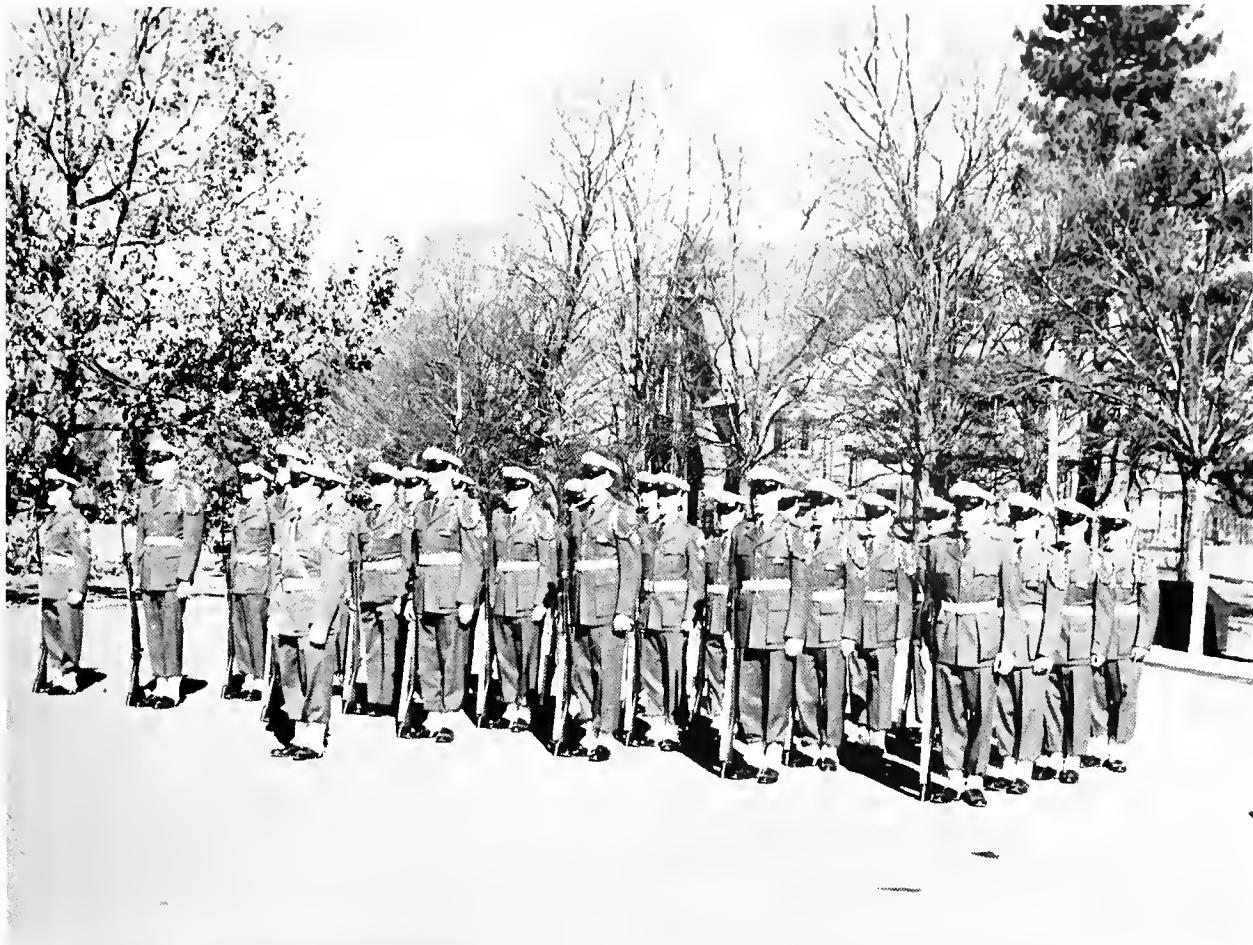

Veterans Day Parade — Springfield, Mass. Nov. 11, 1957

## BAY STATE RIFLES

The Bay State Rifles is a drill team sponsored by Army Reserve Officers Training Corps. It is an extension of the regular reserve officers training program and appeals to those students who have more of an interest than the average student in the army program.

Besides appearances on campus, the Bay State Rifles appear in local town parades and compete in Boston with all other Drill Teams from Massachusetts in May.

The Bay State Rifles is an excellent vehicle for young cadets to improve their skill in drill and command.

## THE FLYING REDMEN

The Flying Redmen Drill Team has been organized to stimulate interest and esprit de corps, and to develop leadership ability in the AFROTC cadet.

It provides an opportunity for the cadet to demonstrate a high degree of precision in executing marching maneuvers.

Throughout the year they appear several times locally in the ROTC Reviews, University Open House, and parades. The crack drill team is called upon annually to participate in holiday parades in neighboring cities.

The Flying Redmen have won the annual New England Class A Armed Drill Team Competition for the last four consecutive years. It is an outstanding feat and all of the University is proud of them.

## YA-HOO

Ya-Hoo, the campus humor magazine, prints articles, stories, and cartoons dealing with campus life. In addition to what is contributed by their staff members, Ya-Hoo publishes material contributed by students at large.

The magazine has also given students an opportunity to test their writing skills by sponsoring contests. Such contests include the Zigglethwerp Contest and the Humorous Writing Contest.

The Ya-Hoo staff tries to give the students relief in laughter and has succeeded very well. It has provided the student body with light, entertaining reading.

*Front Row: left to right,* Pat Ward, Pat McPherson, Francine O'Donnell, Bob Haskins, President; Dom Di Mattia, Manager; Lois Lestan, Jane Young. *Back Row:* Vic Gagnon, Bob Facosi, Wendell Leary, Bob Zelis, John Daly, Phil Grandchamp, Joe McNeil. *Absent:* Joan Sweeney, Sandy Cohen.

## DEBATING SOCIETY

The Debating Society was organized on campus last year to provide interested students with the opportunity to participate in inter-collegiate debates on national topics. It also sponsors intra-mural debates on local-interest topics.

The Society has done well, representing the University of Massachusetts on campuses throughout New England. It is a vehicle of great importance for men who are interested in developing their public speaking and debating skills.

*Bottom: left to right, Marilyn Gross, Barbara Consor, Mr. Scott, Joan Lack, Marsha Samoylenko. Top: left to right, Bert Silk, Michael Donovan, Chairman; Mr. Buck, Dr. Field, Dick Keogh.*

## STUDENT UNION

The Student Union Governing Board provides a social, cultural and educational program of services and activities for the University students and campus community.

This Board decides all policies for the use of the facilities and have the responsibility of implementing these policies whenever necessary. They choose the executive Board members from nominations of the outgoing Board. Their meetings are held once a month and are open to the students and faculty of the University.

The Planning Council of the Student Union is designed to organize students in the planning and development of programs according to the policies of the Governing Board. The Planning Council organizes the work of six committees which are: Movies, Special Events, Arts and Music, Games and Tournament, Dance and Publicity.

During the first year of operation the Student Union has made a tremendous dent on student life. They have planned activity in all possible spheres of interest. Guest lecturers, good movies, entertainers from the world of music, tournaments—from ping pong to bridge—have all been included in their program.

Throughout the Student Union one sees evidence of student activity. All the people connected with the Union are helpful and resourceful and all the facilities of the Union are oriented to pleasant and interesting student activity.

## WOMEN'S ATHLETIC ASSOCIATION

The Women's Athletic Association has done much on campus in providing a plentiful and varied sports program for campus women. In planning, they place the stress on enjoyment and participation rather than on skill.

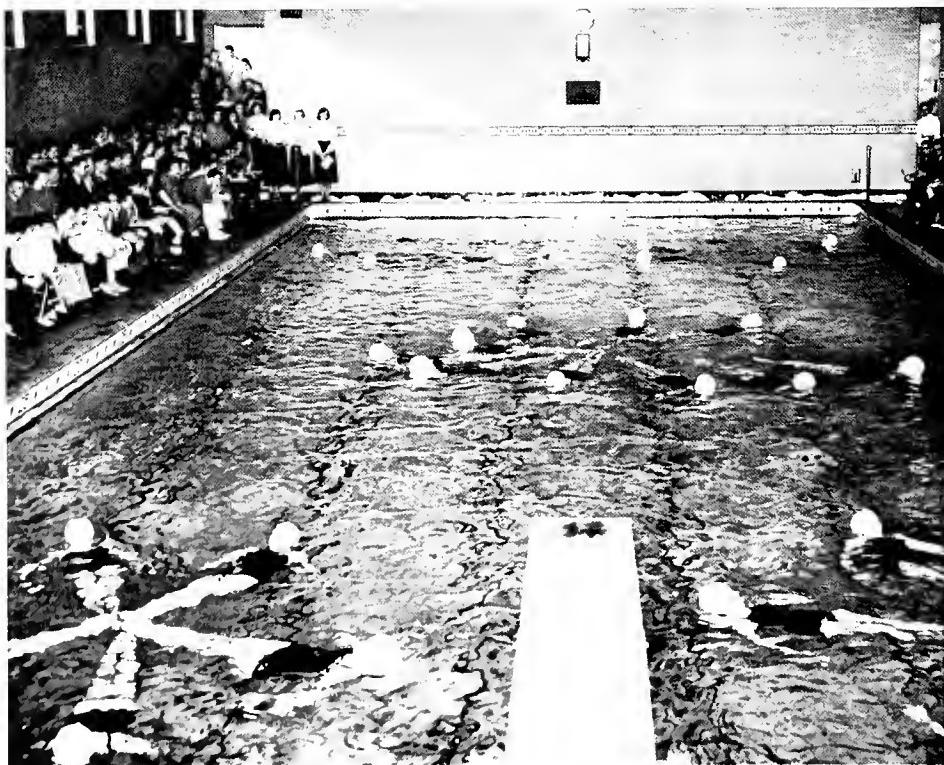

They start the year with a bang by sponsoring a well-organized co-ed play day during freshmen orientation week. They work steadily throughout the year providing, for all students, a program of intermural seasonal sports. Teams, made up of girls of outstanding ability and who have an avid interest, are sent by them to participate in inter-collegiate play days throughout New England.

There is no question that, without the Women's Athletic organization, the campus would lack one of its more vital vehicles of extra-curricular activity.

*First Row: seated,* Barbara Wyman, Chairman of Sub-Board; Sylvia Finos, President; Ronny Metz, Secretary. *Second Row: left to right,* Elaine Click, Priscilla Luppold, Alice Chiota, Mary Wharton, Bev Padelford, Pat Driscoll, Alice Thompson. *Absent:* Joyce Rollins, Marie Sharpe, Gail Totman, Barbara Lund, Myrna Saltman, Syma Daniels, Ellie Higgins.

## NAIADS

Naiads is a group of girls who are interested in synchronized swimming, not only as an art form but for pure enjoyment. Each year the group puts on two excellent productions, one during Winter Carnival week-end and the other during Open House in April. The effectiveness of these performances is accomplished not only by their excellent swimming and choreography but also by the effective lighting and costuming.

*Front Row:* Jay Alderman, George Bonras, Dave Cullen, Dick Robbins, Fred Topor. *Second Row:* Brad Rohder, Ed Lyseck, Leland Katz, Ruth Burczinski, Bev Guernsey, Connie Ledger, Margaret Reid. *Third Row:* Dick Malette, Bob Russo, Dave Geffrion, Gardner Wills, Tom Latham, Rene Dube, Marvin Hamilton, Rene Morisson, Marilyn Taber, Maureen McCarthy, Marlene Sandler, Hal Glass, Dick Bresciani, Don Torres.

## WMUA

WMUA, the campus radio station, is an excellent media for communications of campus (or both the students and the faculty).

It provides educational broadcasting and tapes and broadcasts outside activities to the students. It also has many programs of good entertainment value.

The students affiliated with WMUA receive valuable radio experience, in both the technical and program fields.

*First Row: left to right, Don Kelley, Tom Zaccheo, Dave Worthington, Chief Justice; John McAteer, David Greer. Second Row: left to right, Sara Varanka, Marsha Samoylenko, Phyllis Satter, Chief Justice; Marcia Hubbard, Yorkette Solomon.*

## THE GENERAL COURT

The General Court of Justice is composed of two parts, the Men's and the Women's Judicial Boards. As the Court, it is the primary purpose of these boards to render decisions on any constitutional questions which may arise.

However, the Judiciary Boards normally function as separate bodies. The Women's Judiciary is composed of five women chosen through popular election by women students. Members of Men's Judiciary are elected by the Student Senate.

Each board tries violations of the laws of the University, discusses and weighs all evidence and gives decisions which will best benefit the offender, the students, and the University.

*First Row:* Steve Sanfield, Robert Amirault, Richard Alman, Ed Bradly, Michael Corvin.  
*Second Row:* Betty Brice, Vickie Rochette, Penny Bullard, Joan Kelly. *Third Row:* Bob Betts, Co-Chairman; Betty Janik, Co-Chairman; Pat O'Connel. *Absent:* Phyllis Underwood, Eleanor Labelle, Yorkette Solomon, Dee Ricker.

## CAMPUS CHEST

This year the Campus Chest was an outstanding success, the committee being made up of representatives from many major campus organizations.

Each residence had a campus chest agent who contacted each and every student on campus; the results were tremendous, for students contributed to the total of \$2,850.

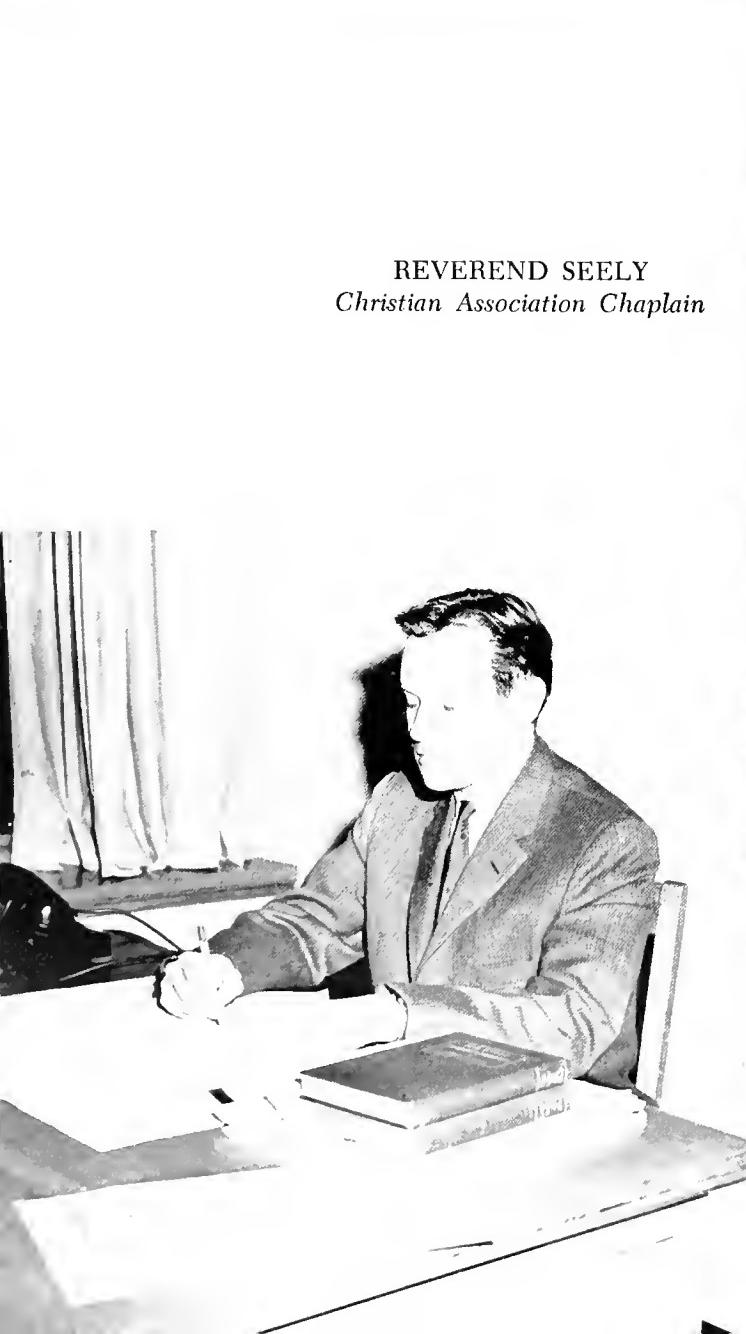

The administration helped, also—the President, Provost, and Dean served Sunday dinner to the fraternity which contributed the most. Students were given a greater incentive, because each dormitory, sorority and fraternity were competing with each other.

The major part of the money collected by the Campus Chest committee went to services throughout the country which, in turn, serve needy college students.

## NEWMAN CLUB

The Newman Club, under the guidance of its Chaplain, Father David Power, provides for the religious, social, and educational well being of all Roman Catholic students on this campus. It holds bi-monthly meetings at which prominent speakers give inspiring talks.

It started off its year with the annual outing. Included in its ever-widening program were the closed retreats for men and women, an open retreat on campus in the spring, and a Communion Breakfast during Open House Weekend.

For the first time on Campus the Newman Club held a Living Rosary as part of the Christmas services.

The Newman Club program does not culminate at the close of school, for it sponsors a Newman School and Catholic Thought which many members attend.

## CHRISTIAN ASSOCIATION

The purpose of the C.A. is to further Christianity on the University level through personal and corporate worship, through study of materials that throw light on Christian faith, through social action growing out of our faith, and through promoting Christian fellowship.

The Association has many open meetings which include speakers of consequence. Besides this, they sponsor weekly study groups, work parties, a radio program and vesper services.

All members of the C.A. can, and usually do, find some part of this large organization which particularly appeals to them.

## B'NAI B'RITH HILLEL FOUNDATION

B'Nai B'rith Hillel has been established to provide religious, cultural, educational, and social activities for the Jewish students on campus.

It achieves its purpose by regular Friday evening services, Sunday night activities, and Tuesday Evening Cultural Programs.

Hillel offers non-credit courses in elementary and advanced Hebrew, Yiddish, and Basic Belief of Judaism.

It holds services on campus in observance of all Jewish holidays. For those who observe Passover, meals are served, and it sponsors a Breakfast along with the installation of officers on the Sunday of the University Open House Weekend.

Third Row: left to right, Bob McInnis, Otto McBride, George Bifoliki, Rest Fenner.*

## FRESHMAN INTER-DORM COUNCIL

The Freshman Inter-Dorm Council organized to provide weekend entertainment for freshmen. The Council planned, throughout the year, various Saturday night programs, including movies and informal dances. One of the highlights of the year was a masquerade ball at Baker dormitory. Most successful, however, was the Freshman class picnic in the Spring which they organized.

The Freshman Inter-Dorm Council is not only important for the weekend fun it provides, but also, its many activities make for excellent class unity, a tradition which four years does not dissolve, but strengthens.

Barbara Stowell, Shirley Bush, Gene Berube, Ann Sherman, Betty Grimm, Frank Cullen, Gail Totman, Joyce Rollins, Ed Bennet, Elsie Papenfoss, Sheila Scott, Head Cheerleader.

## CHEERLEADERS

The Cheerleaders are instrumental in promoting the spirit of the University at various athletic events.

Under the capable direction of Mr. James Bosco who serves as coach and advisor, this spirited group aroused the enthusiasm of the crowds at the basketball and football games.

This group also was a major asset to the football rallies.

The cheerleaders are to be congratulated not only for their excellent synchronized leadership, but also for the spirit each individual member displayed, diffusing it to the audiences.

# WOMEN'S DORMS

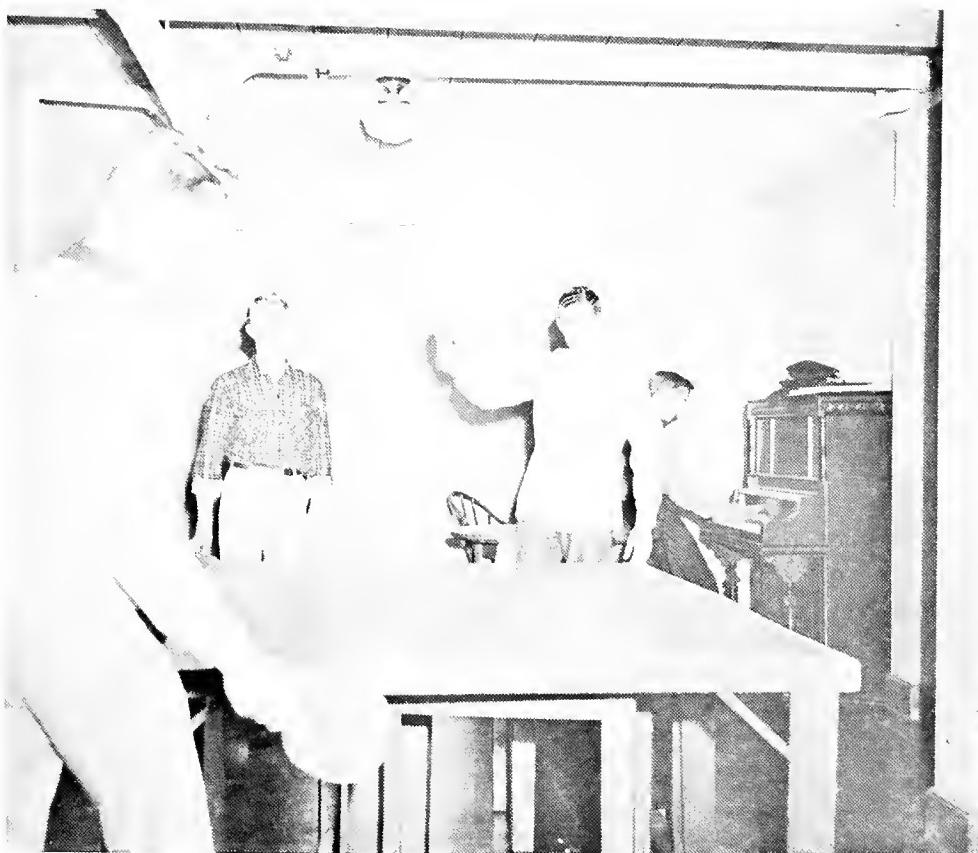

There is no life like dorm life! The University co-eds spend many happy hours in bull sessions in their rooms or in the rec room discussing life and studies. The women's dorms also organize dances and coffee hours for their inhabitants.

This year the dorms made the greatest show ever on snow sculptures. And next year we anticipate the possible integration of freshman and upperclassman dorms. Congratulations go to the House Councils for their hard work in the dorms which keeps everything moving smoothly.

# MEN'S DORMS

The dorms are the core of college life and they offer a variety of activity for all the men living in them. Whatever the recreational desires of each man, he is sure to find compatible company among his co-inhabitants.

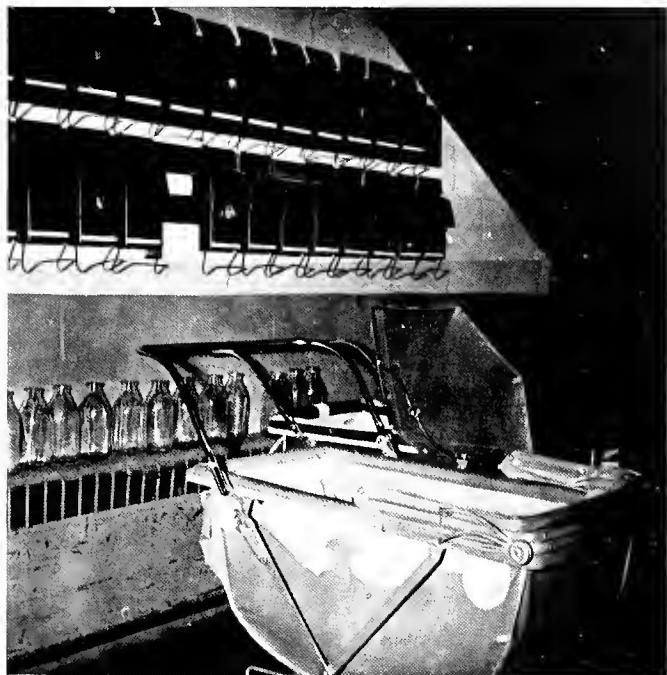

As the years go by, so do the residents of men's dorms, but the atmosphere there never changes, nor do the sounds. The 2 A.M. sounds of agitated voices in a bull session, the clicking of typewriter keys finishing the last pages of a term paper, are the pulsebeat of the heart of the University.

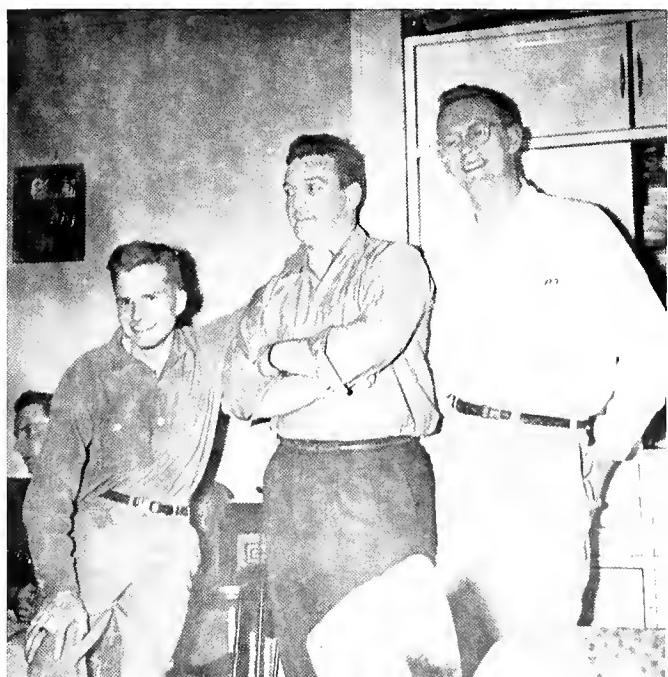

## THE MARRIED STUDENTS

Whether they live in the cinder blocks or have an apartment in town, they are an integral part of the University, and their numbers are growing by leaps and bounds. They are recognized on campus by their more serious outlook for they have more responsibilities.

Nevertheless, they do have many good times, breaking up the hard grind necessary to see them through school. If you ask any one of them, though, they'll always tell you wholeheartedly that it was worth it.

*Seated:* Cynthia Sowdra, Ann Blaisdell. *Standing:* Doris Keisling, Elizabeth Brown.

## SCHOOL OF NURSING

This year the second class from the School of Nursing graduates from the University. These girls study for five years and when they graduate they receive their B.S. and are prepared to be registered nurses.

The girls in nursing spend their first two years studying at the University. Then for the next two and one half years they are training at Springfield Hospital and affiliates. The last semester of their fifth year of studying they spend at the University again.

Each year the nurses earn money by cake and cookie sales, and such, and with the proceeds they send two delegates to the national convention of student nurses.

The girls pictured above are the nurses who started in 1954 with this year's graduating class.

# CONCERT ASSOCIATION

The Concert Association is responsible for the fine concerts which are presented during the year for the enjoyment of the University in particular and the public in general.

They carry their responsibility well, planning a diversified program consisting of four concerts and catering to a wide variety of tastes represented by the University population. Yet they always invite only those artists who have achieved a high level of performance in their work. This year they presented the Pittsburgh Symphony; the NBC Opera Company and Madame Butterfly; Lola Montes and her Spanish Dancers; and Thomas L. Thomas.

Their annual audiences usually hit the 10,000 mark, an excellent indication of how well their program is received.

Ann Olmstead, Chairman of Usherettes; Ed Bennet, Publicity; Larry Davidoff, Secretary; David Brown, Programs.

# STATESMEN

Left to right: Danny Petruzella, Business Manager; Bob Murphy, Pete Munroe, Charles Burnim, Fred Phillips, Jim Balaguer, Norm Steeves.  
Absent: Jerry O'Connell.

The University Statesmen, a blend of under-graduate male voices, is one of the most popular vocal groups on campus.

They not only add to the spirit of many social events on campus, but they also contribute to the fostering of goodwill throughout the state on their many off-campus appearances.

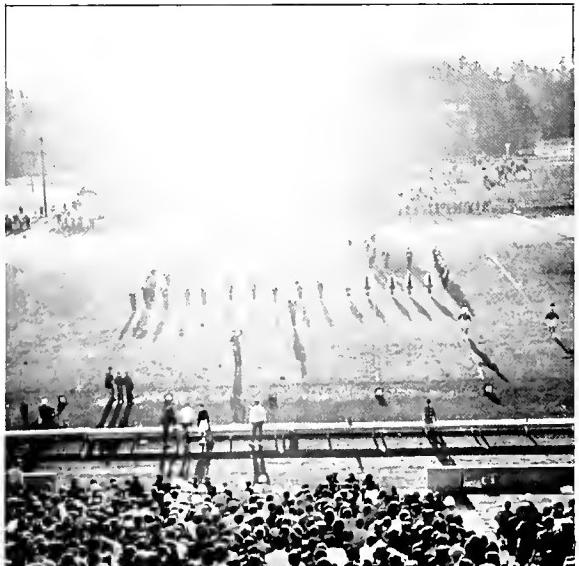

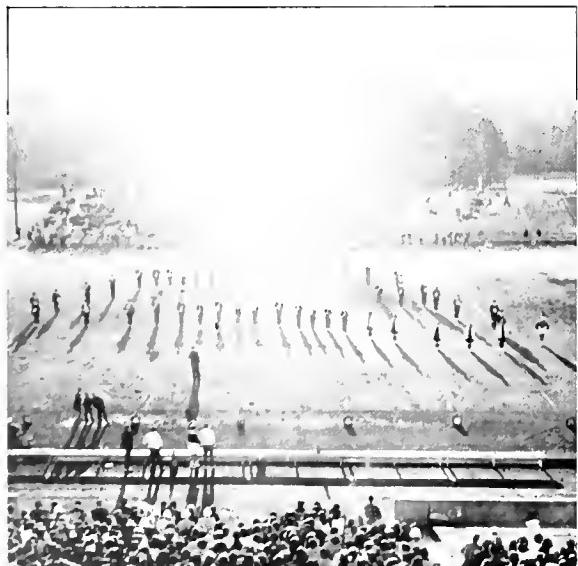

They sing traditional songs as put forth by a college octet and add many more original and different pieces to encourage this form of singing, and to perpetuate it. Every campus should have a male octet and we are proud and happy to have the Statesmen.

## REDMEN MARCHING BAND

The Redmen Marching Band stresses precision maneuvers and effective modern musical arrangement. Its members receive an intensive training in fine music and in maintaining precision in marching at the same time. This year they featured the twirling of Beverly Peach and Sylvia Finos.

The featured appearances of the band are during the fall at all football games. It also appears at other functions on and off campus, in keeping with its main characteristics as a marching band.

# CONCERT

This organization provides all its members with experience in the performance of distinctive band music, developing finer musicians of undergraduate participants.

Their annual winter and spring concerts were well received by campus audiences. They contribute very positively to spreading University good-will throughout the state by their annual spring tour through Massachusetts. Furthermore, they present many local off-campus concerts.

# BAND

## OPERETTA GUILD

The Operetta Guild has built a tremendous reputation on the excellent performances which they have had through the years.

These fine performances have been the result of the hard work and the interest displayed by the members of the guild. They have also resulted in quantities of experiences for underclassmen in the varied fields involved: orchestra, chorus, ballet, singing actors, speaking actors, scenery, costumes, and lighting.

In addition to the many performances on campus, they present their yearly production in near-by towns for the benefit of the Alumni Scholarship Fund. Their foundation of success has broadened and we look forward to an assured continuation of the tradition.

In honor of Rodgers and Hammerstein, who received honorary degrees from the University a few years ago, the Guild presented the college premiere of their version of John Steinbeck's *Sweet Thursday*, entitled "Pipe Dream". And again, they scored! Not only did the campus population shout their acclaim, but repercussions of their success were heard all over the state.

## UNIVERSITY CHORALE

The University Chorale provides an opportunity for members of the student body of more than average ability to perform concerts of music in various styles on and off campus.

This year they have limited their activities, giving way to the more inclusive University Chorus. This limitation, though, has achieved the purpose of giving the chorale more time for intensified study of chorale music.

The Chorale gave a campus concert and several off campus performances in the spring, not the least of which was a concert tour of the Eastern part of Massachusetts during spring vacation. They are to be congratulated for contributing to the good-will toward the university by their excellent productions.

## UNIVERSITY SINGERS

This group, formerly known as the University Chorus, has been reactivated under the new title, University Singers.

Rehearsals began in the fall for the Christmas Concert which was held in the Student Union Ballroom. The selections included a Christmas Oratorio and a Ceremony of Carols.

It is hoped that in the future the membership might include students, faculty, and administration. This new organization has a tremendous potential of becoming an all-inclusive outlet for all those interested in participating in a choral group. In one year they have attained a high level of achievement and are a source of pleasure not only for all participants, but also for all their audiences.

# CAMPUS VARIETIES

Campus Varieties is an annual show which is sponsored by Mortar Board and Adelphia, senior honorary societies.

This year the title of the production was "Things Have Changed", the plot being that an old University graduate came back to the University to save his niece from sin. He complained that this younger generation was not living the way his generation did.

The whole show was done by the students. They wrote the script, the songs and directed and produced it. All the talent for the show was provided from within our student population.

The proceeds from "Things Have Changed", which played for two nights, were used for a campus scholarship.

## PANHELLENIC COUNCIL

The Panhellenic Council's purpose is to promote understanding and co-operation among the sororities in all aspects of campus life. Its membership is constituted of two representatives from each sorority. This year the Council adopted a new rushing program and regulated rushing to make it more convenient for both the freshmen and the Greeks.

Among the activities sponsored by "Panhell" was the annual "Mum" sale at the Homecoming football game. "Panhell" published a booklet for the freshmen, explaining sororities, and held teas for them during summer as well as a tea on campus.

With the Inter-Fraternity Council "Panhell" sponsored the highly successful Greek Week in April.

## INTER-FRATERNITY COUNCIL

The Inter-fraternity Council started the year off with its annual workshop held each year before classes begin. Their high enthusiasm at that time continued throughout the year.

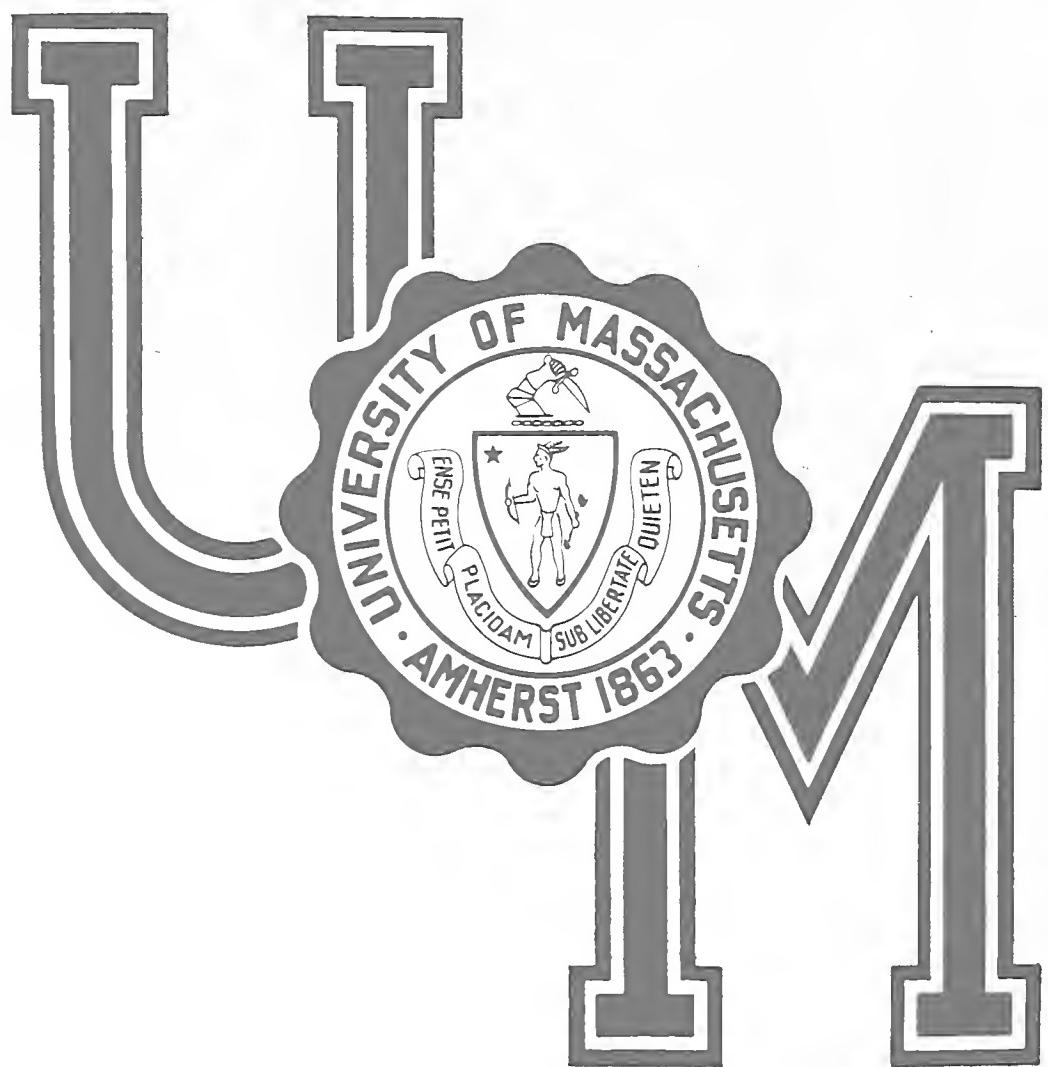

The council sponsored a blood drive in conjunction with The Pan-Hellenic Council, parties for orphans, and collecting for the Heart Fund drive in Amherst. It also sponsored two Hungarian students.

The climax of the year's activities was Greek Week during which competitive skits and sings, a banquet, and a ball were held.

The council ended its full year with the awarding of the annual scholarship at the University Honors Convocation. This scholarship is awarded to a junior who has an average of 2.5 or higher for the previous semester.

The Inter-fraternity Council did an excellent job in uniting the fraternities and its undying spirit proved beneficial to the campus.

THE LIBERAL THINGS --

But the liberal deviseth liberal things,  
and by liberal things shall he stand.  
- Isaiah 32:8 -

If learning has liberated you from the limitations of youth, or ignorance, poverty of spirit, or lack of insight you felt as entering students four years ago, then your leaving is but a time of new dedication to the liberal things.

By exploring the great ideas of all time, by examining the diverse elements of society and culture, you have become Milton's "skillful considerers of human things". You are better equipped to interpret in your own lives the liberal traditions of a democratic society. Better understanding liberty and responsibility, you will not seek or espouse maudlin popularity for yourselves or your country as the solution to any problem. Better duty, justice, and reality, even in the face of opposition, to seek reason, ness, than the comfortable glow of a pat-on-the-back from "fair weather friends" or vested selfish interests.

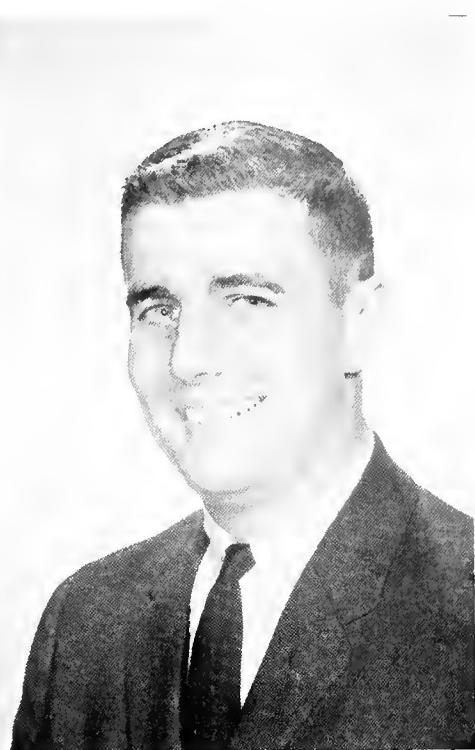

Remember that given reason and moral conscience, only the flames of immorality, of rudeness, of apathy to suffering, of the base and indecent, of the ugly and cruel -- only these flames can ever really destroy us or render us insecure. There may be momentary keys to material and physical security. But each is lost with time and the ingenious discovery of the natural secrets of the universe. As believers in the liberal things you have the essential drive for humanity, the drive for a final personality of order and brotherhood.

## APRIL

April is normally a period of gentle rains and renewed activity. So it was this year at Umieland. Students, as if awakened from their winter shell, participated in and attended numerous campus functions. These ranged from the sing rehearsals and campus elections to lectures and concerts. Nature was good to us in April and there was no repetition of the freak snowstorms experienced in the April of past years.

Upon the return to campus after Easter vacation, the fraternities and sororities began the tedious, but mostly humorous, task of preparing a sing and skit to be offered during Greek Week. Their efforts were well received as evidenced by the large turnout for the contests. Finally, the Ball. The music of Warren Covington, leading the Dorsey band, proved to be a fitting climax for a successful week.

Nevertheless the more serious side of the campus entertainment was in no way neglected. As usual, the Roister Doisters produced a fine vehicle, "The Matchmaker." Another in the series of popular "Last Lectures" was given by Mr. Manfredi of the Sociology

Department. Many departments and groups sponsored their own guest lecturers. Among these were Mr. Rene Wellek, who conducted a discussion of Dostoyefsky and Robert Frost, whose captivating charm was the talk of the campus.

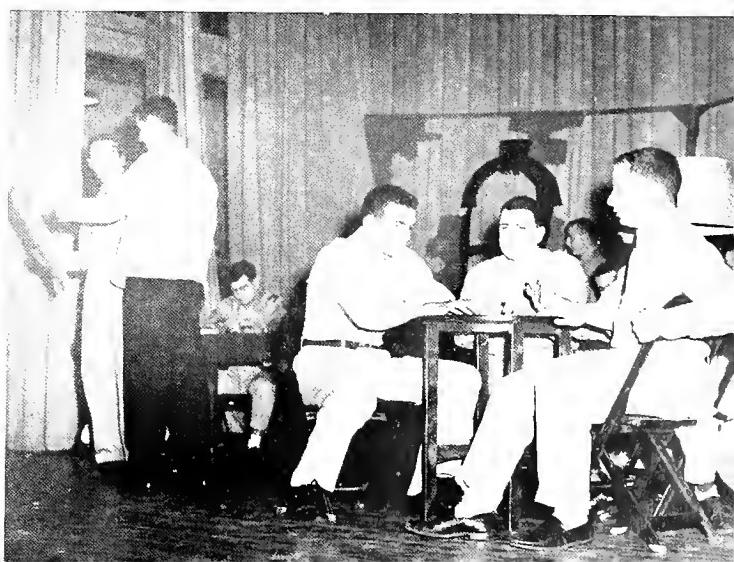

Culture seeking students were rewarded with the appearance of Thomas L. Thomas in the Cage.

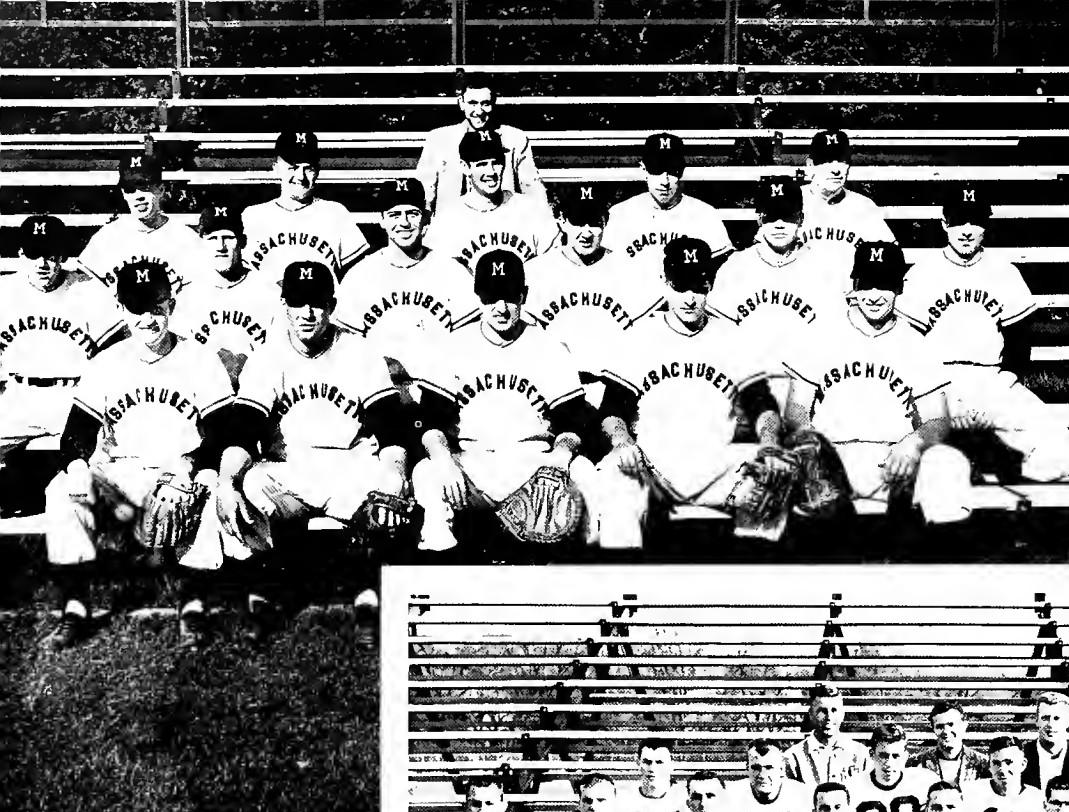

While all these events were being brought to the campus, a diligent group of students and faculty were laying the plans for Open House Weekend. Thousands of parents and students visited the campus and obtained a closer view of the accomplishments and problems of the modern University.

Honor and distinction were afforded campus leaders at the annual Honors Convocation. Beside the tapping of undergraduates, leading members of the UMass. population were recognized. A standing ovation accompanied the tapping of Police Chief "Red" Blasco by Adelphia.

Graduation was now almost thirty days away but few realized that time was getting so short. . . .

## MAY

May has always had a two-fold function at the University; it has to give the campus a cover of fragrant green, and it reminds the student that finals and summer vacation stand before him.

A new innovation in planning and cooperation were tried early in the month. With an eye toward solving mutual problems, members of student organizations as well as members of the administration and faculty held a convention which its originators referred to as S.W.A.P., Student Workshop on Activities and Procedures. All facets of campus activity were discussed and the students returned to their organizations with a new understanding of their role on the campus.

Yet, still there was no Spring Day. No opportunity to forget classes and lie in the warming sun. Few memories are more cherished by the class of 1958 than those gained by participating in past Spring Days.

May will also be remembered as the month in which Metawampee, long a symbol of the University, finally

obtained a permanent home. He was placed on his pedestal in the area behind the Student Union.

The R.O.T.C. components were hampered by the weather and finally forced to use the Cage as a background for their Spring Review. Governor Foster Furcolo, who had earlier in the day addressed a full University Convocation, assisted the Military Officers in the presenting of awards to outstanding Cadets.

Fraternities and Sororities, in an attempt to utilize the few remaining school days held formals, picnics, and knurds. Seniors now realized that only a set of finals stood in their path toward graduation.

Finals came. Minds were turned away from thoughts of all else. Words like "picnic," "hatch," and "party" were replaced with words like "multiple choice," "grade" and "scale."

After finals, there was but a mere week left before the class of 1958 could receive their diplomas and obtain their long-awaited goal. . . . GRADUATION.

#### THE UNIVERSITY OF MASSACHUSETTS ALUMNI

Association serves as the campus representative for our nearly 12,000 University Alumni. The Alumni Office serves a records center keeping addresses of alumni as well as other pertinent information. The Association's publication, "The Massachusetts Alumnus," serves as a very effective medium of information for University Alumni throughout the world, enabling each alumnus to keep informed about the doings of classmates, friends and, of course, the University.

Great progress has been shown in the first five years of reorganization of the Alumni Association. This year an Assistant Executive Director was appointed in order that expansion of the Association Program would continue. It was also felt that the Association has grown sufficiently to warrant undertaking new projects to add to the existing program. One phase already well underway is the Student Contact Program.

This Alumni-Student Committee was organized in order that the Association's campus and student programs could be directed and advised in part by the students themselves. The students on the committee represent all classes and many varied areas of extra-curricular activities as well as academic majors.

For the Alumni, the Association lends guidance to

the many Alumni Clubs in all parts of the country. These clubs meet at various times during the year for dinner meetings, picnics, and social hours. Also, many of these clubs engage in sponsoring University Organizations for the purpose of establishing scholarships for worthy students. The Operetta Guild, Roister Doisters, Chorale, University Singers, and Statesmen are among the groups that have performed at Alumni Club functions.

When June arrives, the Alumni Office is busy organizing and making arrangements for returning classes and for non-returning alumni who wish to come back to meet with old friends and to enjoy a weekend on the campus. As our alumni body rapidly increases in number, more and more people take advantage of Alumni Weekend.

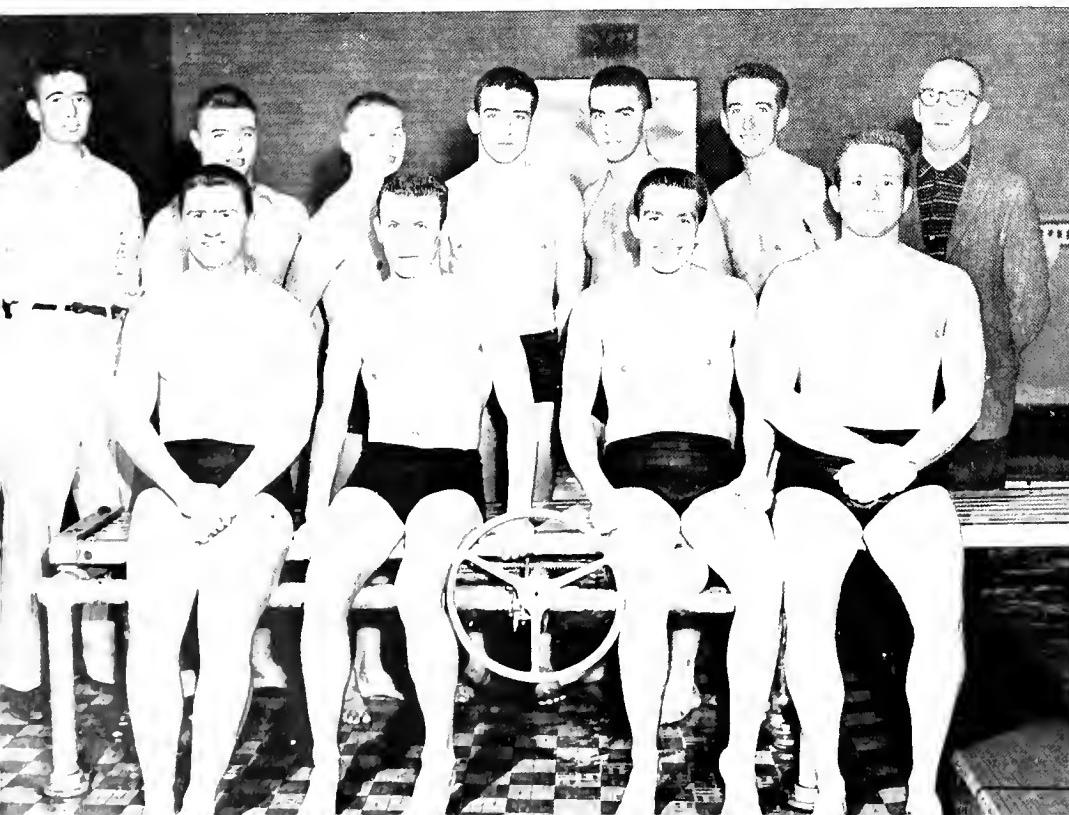

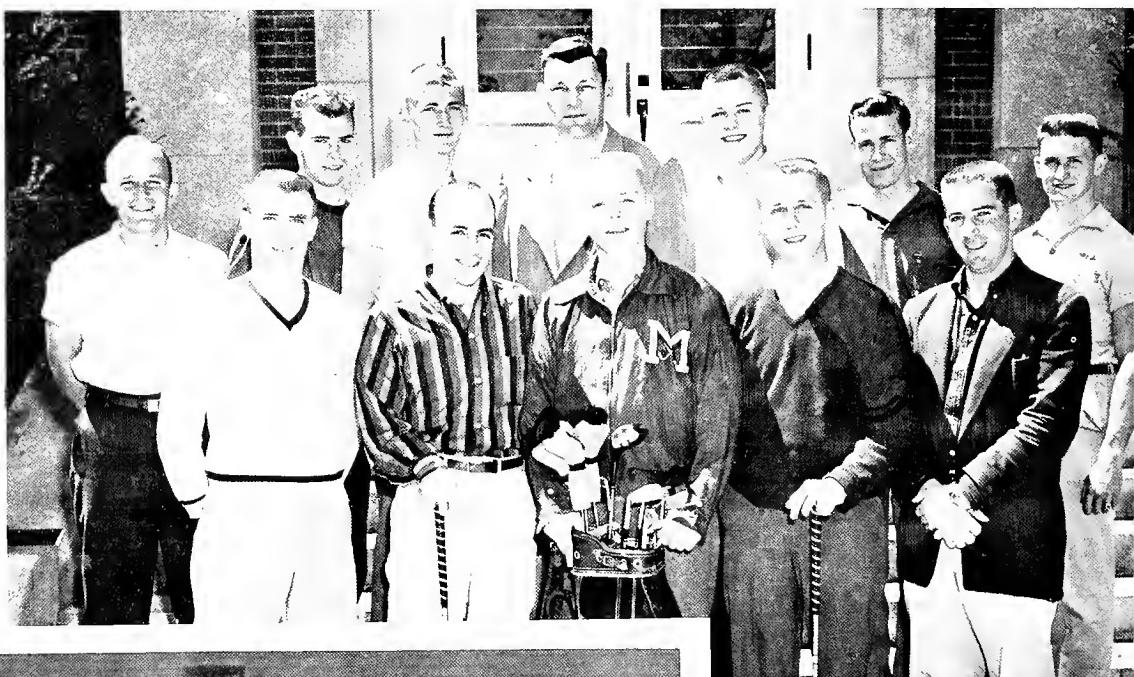

To finance the many different phases of the program, efforts are being intensified to attain greater alumni support through the 1958 FUND Drive. With the support given to us by our rapidly increasing alumni body, we hope to further expand both the graduate and undergraduate phases of the Association's program.

This year, the Association awarded four \$500 scholarships at Honors Convocation. They are based on need, scholastic achievement, and a well-rounded field of extra-curricular activities.
